All interested Washington Township residents are invited to witness the two-hour exercise from the roped-off area near Heyer and Redwood Roads, Castro Valley, according to Sheriff H. P. Gleason, county civil defense director. His aides in the exercise include Brig. Gen. E. T. Peters, Castro Valley civil defense director, and Sheriff's Lts. Stanley N. Petersen and George Wisner.

I figure this
demonstration saved me
many hundreds of dollars!

I expected to pay that much more
for a new car until I discovered
I was better off in every way
with this new Chevrolet!

Let us demonstrate
all the advantages
of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrifty-King" engine.

It's heavier for
better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

RHEEM SOFTBALL CLUB TRIMS L&V, 2-1; COPS RUNNER-UP HONORS IN PLAYOFFS

By BOB HIRD

The Rheem Mfg. softballers won the 1953 Township League runner-up play-offs Friday night, as they defeated L&V, 2-1, in eight innings.

It was the rubber game of a three-game series. Rheem captured the last two contests, winning 5-4 Wednesday night.

Rheem broke up the 1-1 tie in the eighth as leadoff man Tony Rivers reached second base on an overthrow at first by Shortstop Katy Schramm. Rivers then moved to third on a passed ball by Catcher Chuck Walters. Leftfielder Chick Luna then drove a long fly to centerfield, driving in Rivers and the winning tally.

The Centervilles picked up their lone tally in the opening frame as Frank Rebeijo led off with a two-bagger, then moved to third on Dan Rodriguez' fly-out. Schramm reached first on a base on balls. On the first pitch to the next batter, Chuck Walters, Schramm broke for second base. Rivers threw to second, but nobody was there, and the ball went into centerfield, Rebeijo scoring from third.

The dependable Rivers tied the score in the third as he banged a round-tripper off L&V's Lee Telles.

Righthander Ray Orta pitched

masterful ball, holding L&V to two base hits, while his teammates picked up five off Telles.

Husky Mentor Pins Hope on Line, New Formation, Plus 'Unknowns'

By STUART NIXON

School—and grid season—opens simultaneously next Thursday at Washington Hi, and Head Coach Clyde Voorhees today cast an anxious eye on the Orange-and-Black's fall prospects.

Voorhees predicted tough sledding in the Santa Clara Valley Athletic League, where Husky gridders compete. He pointed to a single

returning back, 150-pound Raul Orozco, from last year's Varsity, and lamented that he probably will have to convert an end or two to produce four acceptable backfielders.

Voorhees also announced:

1. He will drop the double-wing offensive used in past years in favor of an original "Split A," which he hopes will give opposing defenses some trouble, if it works.

2. He pins much of his hope on some burly linemen.

3. Husky players will get help and counsel from three new aides: Bob Osborne, first-string halfback last year for San Jose State; Gene Johnson and Barney Bragg.

Osborne will coach the varsity backfield, while Voorhees concentrates on the line, plus head-coach duties. Johnson, a former Spartan player fresh from a successful 2-year tour of coaching at Wilcox, will run the "B's." He will be aided by Bragg, former Husky star center in pre-war days.

"I'm guessing we'll use Clarence Souza and Art Goularte, tackles; and Ron Platt, guard, as nucleus for the line," Voorhees said.

"We'll start with a pair of strong ends in Alan Olk and Carl Von Euw, but may have to convert them to backfield men unless something develops."

Olk is a better-than-average passer, both at long and short heaves.

In this case, Voorhees went on, Craig Bellati, a growing lad who

looked good in spring practice, might hold down one wing.

As usual at this time of year, the mentors look for assistance from "B" graduates to bolster the unknown elements in the heavy-weight squad.

Among the prospects listed in this class are Frank Velarde, a hard-running back who scales about 155 pounds; Jess Pineda, an excellent punter; Archie DeLao, workman back; LeRoy Davis and Conrad Preciado, linemen.

Varsity Center-designate Ron Westray may transfer to another school, Voorhees guessed, in which case Ernie Delgado and Mervin Pinto might prove capable replacements.

As for the "Split A," Voorhees admits it is an experiment, embodying the "A" formation used by the New York Giant eleven, plus refinements on Bud Wilkinson's Oklahoma split.

The coach hopes—with emphasis on the "hope"—that the Husky light backs will be able to hit quicker from the "A" than they did from the double wing, putting more of a burden on the defense with the split formation.

With this and with a possible passing attack from Olk, Voorhees hopes to give the rest of the SCVAL a few interesting evenings.

Grid schedule will be announced next week.

GRID SIGNUP SET FOR SEPTEMBER 9

Washington Hi's athletic director, Clyde Voorhees Jr., today announced that all prospective football players must take physical exams on September 9.

Voorhees stressed that school doesn't open until the following day, but that the exams and issue of lockers and equipment will take place on Wednesday at 9 a.m. in the boys' gymnasium.

BEARCAT PITCHERS AID IN 11-6 WIN

By TONY ROGERS

Behind two new pitchers "borrowed" from last year's Washington Hi nine, Centerville's Bearcats trimmed Chapel of the Oaks here Sunday by an 11-6 margin.

Alan Olk and Bob Lunsford took over hurling chores, with Olk fanning 10 while permitting six hits in the 7 2/3 innings he toiled. Lunsford relieved Olk in the eighth with the bags loaded, and retired the visitors from Oakland before they could do further damage.

The Bearcats bunched five hits and capitalized on a walk and four Chapel errors in the second frame to score seven runs.

The locals were credited with a pair of double plays: one in the third, Jacinto to Lemos to Neves; and again in the ninth, Lemos unassisted.

Centerville Electric Co. Employees Surprise Boss

Usually it's the boss who foots the bill at the company party, but more than 40 employees of the Centerville Electric Company and their wives turned the tables Saturday in the International Kitchen.

With 80 persons present, the group surprised their employer, A. S. "Tony" Enos, with a dinner-dance in his honor.

William C. Bender, unofficial chairman of the evening, said the party may become an annual affair. He explained it was designed, first, as an opportunity for Enos to see all the workers in his far-flung organization together at one time.

If every employee, plus his wife—or her husband—had been able to attend, Bender estimated, there would have been 106 present.

BOGGS WILL COME
County Surveyor Wallace Boggs this week advised the Niles Chamber of Commerce he will be glad to address that body on road proposals for the Niles area, at the chamber's invitation.

VFW HELD TO ONE HIT BY JOSEANS

Veteran Righthander Bud Bosque hurled the Cal Supply softballers to a 4-0 win over the Veterans of Foreign Wars last Wednesday on the local diamond.

Bosque held the Township champs to one hit, a single by Leftfielder Stan Alameda, in the sixth inning. He struck out 14 Vets.

It was the second consecutive victory for the San Joseans over the locals.

While Bosque had the Vets handcuffed, his teammates worked Righthander Ted Garcia for eight safeties. Supply picked up one run in the first, two in the fourth and one in the fifth.

PRESBYTERIAN RITES UNITE JO ANN LEWIS, CHARLES CHANDLER IN NEWARK CHURCH

Jo Ann Lewis of Newark became the bride of Charles William Chandler, son of Mr. and Mrs. J. S. Chandler of Newark, August 22, at a ceremony performed in Newark Presbyterian Church.

After a honeymoon of undisclosed destination, the young couple will reside with the bride's parents, Mr. and Mrs. Henry E. Lewis, until the groom receives his discharge from the U. S. Navy, two years hence.

The Rev. Cecil Rhoades of Irvington conducted the double-ring service before an altar decorated with ivy and white daisies on a trellis. The pews were tied with satin streamers holding in place white geraniums and fern. A reception was held at Calvin Hall immediately following the ceremony.

Jo Ann was given in marriage by her father. She wore a gown of white lace and nylon net. A white lace, long-sleeved bolero jacket with a small scalloped collar and tiny buttons down the front covered the bodice. The white lace, bouffant, ballerina-length skirt was scalloped down the front center and had an inset of finely-pleated nylon net. A coronet of pleated nylon net trimmed with seed pearls secured the finger-tip-length veil. White satin slippers completed the bride's costume. She carried a shower bouquet of two white orchids and carnations with satin streamers decorated with bouvardia.

The bride's sister, Bette Lewis, who was bridesmaid, wore a similar ensemble of powder blue and carried a bouquet of pink carnations.

The bride's mother, Mrs. Lewis, wore a navy-blue suit with white accessories and a corsage of three white orchids. Mrs. Chandler, mother of the groom, wore a dark brown dress with matching accessories and a corsage of three white orchids.

Wayne Emmett of Alviso was best man and the ushers were Jim Granger of Folsom, Kenneth Lindsay of Centerville and Bob Berridge of Moffett Field (U.S.N.). Mrs. Earl Mackintosh of Centerville was the organist, and soloist Mrs. Marion Wolf of Centerville sang "Because," "I Love You Truly" and "The Lord's Prayer." Charles and Jo Ann attended Washington Union High School. The groom holds the rank of ME/3 in the Navy and is stationed at San Diego Harbor. He saw combat duty in Korea.

Mrs. Williamson Home From Vacation in South

Mrs. Gladys Williamson of Niles returned last week-end from a 10-day tour of Southern California and Upper Mexico with a friend, Mrs. Henri Salz of Redwood City (formerly of Centerville).

The two "did" Los Angeles and San Diego before taking off for Ensenada, below the border. There amid \$1.50 steaks and such items, they enjoyed the atmosphere of manana-land.

Returning via La Habra, Mrs. Williamson and Mrs. Salz visited former Niles residents, Mr. and Mrs. Lester Duffey and Mr. and Mrs. Warren Jones, in that resort town. Mr. Jones is a landscape architect there.

At home, Mrs. Williamson was just in time to catch a glimpse of her nephew, Captain Robert Thompson, U.S. Army, en route from Washington's Pentagon to duty in Japan.

Initiate Two

Washington Parlor No. 169, Native Sons of the Golden West, initiated two new members in ceremonies held Tuesday night. Neophytes are Manuel Ramos of Centerville, and Stuart Nixon of Niles.

Former Local Airman Father of Baby Boy

Of interest to friends of the Lorin M. Mohn family, formerly of Niles, is news that Airman Second Class Lorin J. "Butch" Mohn and his wife, the former Dolores Stolz of San Leandro, are parents of a son, born August 22 in Cocoa, Florida.

The Mohns are stationed at the Air Force Missile Test Center, where "Butch" is a draftsman. The baby weighed 6 pounds 11 ounces, and has been named Steven Allen.

Grandmother is Mrs. Lorin A. Mohn of Pocatello, Idaho.

Postmaster Returns

Ernest Vayssie, Irvington postmaster, returned last week-end from a brief vacation spent with his daughter flying to Nevada resort spots.

Busman's Holiday?

Mrs. Laura Secada, clerk of the Centerville justice court, tells friends that the high spot of her recent vacation was a view of the State Supreme Court in San Francisco.

SUZY SEZ...

For the mean trick of the week I would choose the one a township woman pulled. She sent out invitations to all her neighbors in a new tract that she was having a get-acquainted party for everyone. Only after the last guest arrived did they discover that the party was not for fun, but rather a demonstration by a super-saleswoman of her product. The "hostess" now complains that her neighbors are enoity!

If the youngsters sometime beg for something to do that will help you, and are too young for most jobs, try the following: Draw around the bottom of your layer cake pan, making a cardboard pattern that just fits inside the pan. Then supply a roll of wax paper, scissors and pencils, and instruct the little helpers to cut linings for your next cakes. They will make enough for a month or more before the new job becomes boring, and you will save time later.

Is my face red? A friend made a mistake in dialing my telephone number, and asked the strange man who answered to call me. He sent my name booming out, and only then did she discover she had called a local bar, and from her conversation had led them to believe I was a permanent fixture there.

If you hang chenille bedspreads with the right sides together when drying, they will be nice and fluffy when placed on beds again. Remember, if you want the children to be seen and not heard, for a while each day, park them in front of the television.

I was visiting the home of a Township hunter when he returned, not with a whole freezer of venison, as he had promised, but with a pound of hamburger as a peace offering. He is the same fellow who remembers to get fish from the market if he is "skunked" in fishing, so his wife need not change her menu at the last moment.

To be sure your curtain tie-backs are straight, pin up one, and then pull down the window shade just to the pin, and place the other tie-back on the other side.

Last week six mothers and children went picnicking, and when eating time arrived, they noticed a stranger among the seventeen youngsters, but said nothing. When their meal was finished, the cute seven-year-old returned to her group, to eat again at her picnic table. One child said later that he thought the visitor didn't belong in the party because she asked for a napkin to clean off her face. He was right, too, as most seven-year-olds hate to have their faces clean.

Last Tuesday I saw a young

Twin Granddaughters

Word was received by Mrs. Thomas J. Power of Centerville of the birth of twin granddaughters, Paula and Mary Silverthorn. The twins, the daughters of Mr. and Mrs. Earl E. Silverthorn, were born in Mt. Vernon, Washington, on August 22.

Mrs. Silverthorn will be remembered locally as the former Ellen Wade Power. She is the daughter of the late Judge Thomas J. Power.

Marks Hospitalized

Maurice B. Marks of Mission San Jose, president of the Washington Township Chamber of Commerce, and past president of the local United Crusade, is in Oakland Veterans Hospital for observation of an eye ailment.

Marks' left eye has been paining him for several weeks, Mrs. Marks reports, and finally made it necessary for the civic leader to go to the hospital. No report on his condition was available this week.

father run two blocks to catch his toddler before she could get onto the highway, and he broke all speed records. That is in itself not unusual, but the father is a member of the sheriff's department, and usually does his traveling in patrol cars. Just goes to show you, our law enforcement officers can hold their own if they have to.

Here in Orchard Park, as schools are about to open, more than one mother is about at the end of her patience. It may take two months for the teachers to recover lost ground as far as discipline is concerned, but in a week, mother will begin dreading NEXT summer!

Golden Wedding for Joseph Amarals Seniors

Mr. and Mrs. Joseph Amaral Sr. of Lincoln Street, Irvington, whose fiftieth wedding anniversary was August 26, celebrated it Sunday afternoon at their home.

Mrs. Amaral donned her original wedding dress for her guests, with an orchid pinned to her shoulder, given to her by her family. Also on the center of the cake was the same miniature bride and groom of the wedding cake of 50 years ago.

Their immediate family of sons and daughters present were: Mrs. Mary Enos of San Jose, Mr. and Mrs. Joe Amaral Jr. and family of Irvington, Mr. and Mrs. Tony Amaral of Pacific Grove, Mr. and Mrs. Arthur Amaral and son of Centerville, Mr. and Mrs. George Amaral of San Jose, Mr. and Mrs. Albert Martin and family of Alviso.

Sending a token of their affection were Mr. and Mrs. John Brinkman and family of Detroit, Michigan. The senior Amarals had one other son, the late Eddie Amaral, and have lived in the Township all of their married life. They have thirteen grandchildren, with their fourteenth expected in January.

The Niles Chamber of Commerce on Tuesday voted to jog the memory of the County Planning Commission on the so-called "master plan" for future growth of Niles.

The plan was amended after minor amendments by the chamber on July 21. So far it has not been acted upon by the commission, official body which must adopt it before protective zoning.

Secretary Vernon Ellsworth was instructed to write the commission requesting action, or a meeting with the commission staff to iron out any differences of opinion.

STORK OUTSTRIPS REAPER IN AREA

More babies and less deaths last year showed an increasing population trend in Washington Township, the County Health Department reported today.

There were 483 births, against 412 in 1948. And 1952's deaths were 148 against 194 for '48.

Meantime births in Eden Township, to the north, rose from 2636 to 4087 in the same period, and deaths from 708 to 964.

The health department said future problems here include (1) better sewage disposal around Warm Springs, (2) a garbage dump, and (3) control of industrial smoke.

ALVARADO SCHOOL UPS LUNCH PRICE

Alvarado Elementary School will reopen for the fall term on Thursday, September 10.

Schedule for the school bus will be the same as last year. The school cafeteria will not be open on Thursday, the first day of school, but will serve lunches on Friday, September 11.

Children will not need to bring lunches on the first day of school as only a minimum school day will be held, according to Principal L. H. Maffey.

The faculty will be the same as last year's with the exception of Mrs. Gladys Dunham, who resigned to take a position with the Los Angeles School Department. Taking Mrs. Dunham's place will be Mrs. Sharoo Hersha, who taught at Alvarado two years ago.

Registration for new students will be held the first day of school. Most of the new kindergarten and first grade registrants were signed up last June.

A ten per cent increase in enrollment is expected, Maffey said.

Due to higher costs, the school trustees have been forced to raise the price of school lunches to \$1 a week with single or daily lunches at 25c. Another reason for the raise, Maffey said, is the fact that the district suffered a \$140,000 loss in assessed valuation, thus necessitating a cut in the cafeteria fund.

Custodians Tony Alexander and Serafin Noia have been working during vacation to clean up, paint,

of Cupertino, Carol Veith of San Jose, Leo Dennie, Jack Pereira, Alois Schneider Charles and Regina, and Mr. and Mrs. Bill Murphy of Mission.

LEGAL NOTICE

OFFICIAL NOTICE OF SALE NILES SCHOOL DISTRICT 1953 SCHOOL BONDS
NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Alameda, State of California, at the office of the County Clerk and ex officio Clerk of said Board of Supervisors, at the Court House, 1225 Fallon Street, Oakland 7, Alameda County, California, on SEPTEMBER 29, 1953 at the hour of 11:00 o'clock A.M. (P.S.T.) for the purchase of \$91,000.00 principal amount of the bonds of the Niles School District of Alameda County, State of California, more particularly described below:

ISSUE:
1953 School Bonds, \$91,000.00, consisting of 91 bonds of the denomination of \$1,000.00 each, numbered 1 to 91, inclusive, all dated November 15, 1953 (being part of an issue of \$150,000.00 authorized at an election held in said district June 16, 1953. The remaining bonds of said authorized issue will not be sold until after February 15, 1954.)

INTEREST RATE:
Maximum five per cent (5%) per annum, payable annually for the first year on November 15, 1954 and semi-annually thereafter on May 15th and November 15th in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES:
Said bonds hereby offered for sale mature serially in consecutive numerical order, from lower to higher, \$7,000.00 on November 15th in each of the years 1954 to 1963, both inclusive, \$8,000 in each of the years 1964 and 1965, and \$5,000.00 in the year 1966.

PAYMENT:
Both principal and interest payable in lawful money of the United States of America at the office of the County Treasurer of Alameda County, in Oakland, California.

REGISTRATION:
Coupon bonds will be issued by said Board of Supervisors on behalf of said school district. Such bonds are registerable only as to both principal and interest.

PROPOSE OF ISSUE:
Said bonds are authorized to be issued and sold for the purpose of raising money for the following purposes:

The purchasing of school lots; The building or purchasing of school buildings; The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs; The supplying of school buildings with furniture or necessary apparatus of a permanent nature; The permanent improvement of the school grounds; and The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to wit, to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from school property.

SECURITY:
Such bonds are general obligations of said school district, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS:
In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION:
The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from November 15, 1953 to the respective maturity dates of the bonds at the coupon

LEGAL NOTICE

rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than September 29, 1953. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be within forty (40) days of the date of sale, but not prior to November 15, 1953. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1953 School Bonds of Niles School District of Alameda County." With each bid must be submitted a certified check or cashier's check for \$1,000.00, drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Niles School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a non-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: September 1, 1953.

WHEN WILL WE KNOW?

Centerville is in a spot—a pretty hot one—and there's only one outfit that can get it out. Centerville wants to expand its business district northward, and that means running into Thornton Avenue, which has been designated a major "feeder" for the East-Shore Freeway. This in turn probably, but not absolutely, means overpasses, or cloverleaves, or both. So the question is: where will the structures be located, and when.

The agency that can answer this important question is the State Division of Highways. But the Division says it doesn't know—funds haven't been appropriated to buy rights-of-way for the Freeway, and plans even for the Freeway itself are in a fuzzy state. So Centerville will have to wait—or else plan its business section elsewhere.

This is another example of how a planning "lag" can gum up a rapidly-growing area like ours. Centerville isn't the only sufferer. What this newspaper wants to know, and what we have been asking for months is: not WHAT the plans are, but WHEN we can expect them.

Without definite word of what the State has in mind, Washington Township is trapped like a cat on a griddle—the heat is becoming unbearable, but neither can the victim jump into the burning unknown.

SYMPATHY NOTE

We feel sorry for the homeowners in Hillview Crest, though not for the same reason that they feel sorry for themselves.

We are sorry because they have become the pawn in a three-way piece of political horseplay that can increase their troubles and saddle them with a compounded mess for years to come—unless they wise up.

The dominant sides of the triangle are the City of Hayward and certain sly county politicians. They are trying to capitalize on Hillview's split personality to bring her into their fold. And a few self-inflated characters in the tract are playing footie with the outsiders.

Hillview may think she has troubles now, that these troubles get a deaf ear from civic and government representatives.

If Hillview annexes to Hayward, she will become a very much smaller frog in a very much bigger puddle, with a much less audible croak. Her taxes will rise, and there is grave doubt that water and sewage charges would fall to offset them. Joining a new supervisorial district would help pave the way for annexation, but it would also sink Hillview in a new sea of population, where her voice would hardly be heard.

We think Hillview's best bet is to stick with the Township, quit feeling sorry for her plight, and form a Homeowners' Association, like San Lorenzo did. That will take of her present pressing needs, give Hillview dwellers a chance to develop civic responsibilities, and permit the whole tract a breathing spell in which to give closer and more objective study to the next big step.

CHRISTIAN SCIENCE CHURCH

Niles

The Golden Text for the Lesson-Sermon on the subject "Man" to be read in the First Church of Christ, Scientist, Niles, Sunday, September 6, is taken from Genesis: "And God

MYSTERY MAN RAN A BANK IN RENO

When we asked last week's subject, L. S. Whitaker, if anyone guessed his identity, he replied: "Hardly anybody didn't." This week's Mystery Man is going to make a lot of folks scratch their heads. See if you recognize him. If you don't, the answer is hidden on an inside page.

He was born 71 years ago in Booneville, Indiana, where a schoolmate was Elmer Thomas, later destined for the U. S. Senate.

His father, a rancher, went to Oklahoma, and our man roamed around Enid and Lawton, later spent two years studying engineering and mathematics at Kansas U. The engineering helped later, and the math did too—in a sort of left-handed way. He quit school, came west to take part in the Goldfield-Tonopah gold rush in Nevada, in 1903.

There he learned to deal faro, a difficult game requiring great patience, he says. But the gold fields ran out, and 1914 found him in Brazil, surveying a railroad into the interior.

In 1918, he spent time in Texas, buying oil leases for a major company. He went broke several times, made it back just as quickly. Around Ft. Worth and Corsicana in those exciting days "you could buy a lease for \$1000 and sell it 24 hours later for \$15,000."

In 1923 he came to California, went into the real estate business at Clear Lake. In 1927 he married an Oakland woman whose father lived in Niles. He came here, established a home, but spent much of his time away pursuing the pro-

said, Let us make man in our image, after our likeness" (1:26).

Other citations from the Bible and from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, comprise the sermon.
